

Team lists, licensing and required officials

Please download off the website the Team Sheet 2021.

Each team is required to submit the name of the swimmer, Swim England number and date of birth, for each event in each gala. Please submit this to the host club on Friday evening, so that there is time for the recorders to upload the information before the gala. This **same data** should also be provided, before warm-up, to the host club, on a memory stick. It is **ABSOLUTELY VITAL** that the data provided is the same as that held for the swimmer by Swim England. **If the data for a swimmer is not correct, none of the results from the gala will go on rankings.** Changes of swimmers for an event because of sickness etc **MUST** be advised to the recorders, on forms, provided on the website and at the gala.

To all team managers and coaches

Important announcement

It is **absolutely vital** that all the data provided on the memory stick is totally correct for each swimmer. The first name and the surname must be correct and correctly spelt. The registration number must be correct and so must the date of birth. **All the data for a swimmer must be exactly what is shown on the Swim England registration data for the swimmer. If the data is not a correct match, then the time will not be on rankings.**

With regard to officials:-

The league rules require that ALL teams provide a qualified, J1 and a qualified, J2. These officials must be licensed. This is a league rule, regardless of the level of licensing. The league can impose a fine for non-compliance with this rule, and if a fine is not paid, the team will not be able to compete in future rounds. This year there will however be flexibility, but teams are asked to endeavour to meet the league's requirements for officials. If the officials provided do not meet the requirements for the level of licensing for the gala, the licence level for the gala will be downgraded.
